

2 Months Free on Hosted Hospitality

For a limited time, Sunco's Hosted Hospitality cloud-based solution is available for as low as \$0.25 per room, per day.

Sunco's Hosted Hospitality cloud-based solution is an easy-to-manage monthly cost per room, per day that includes fully managed remote support, all local phone lines, and integration to existing property management systems.

Hospitality Phone Systems

Mitel – is a recognized brand standard around the globe and boasts a full line-up of technology across the board. The systems burst with full IP functionality and SIP trunking capability.

Phonesuite – offers low-cost scalability and simplicity for hotels and its basic legacy PBX, in addition to cutting edge software-based hotel VoIP phones systems with full hospitality features and a friendly user interface.
